

**REMARKS**

Claims 1 and 4 - 22 are now pending in the application. Claims 1 and 13 have been amended so that the formerly claimed aluminum electrodes are now third electrodes. Claims 19 and 20 have been amended to depend from claims 1 and 13, respectively. Claims 19 and 20 now call for the electrodes formed on the protruding portion to be aluminum electrodes. Lastly, claim 22 has been amended to depend from claim 1 and call for an insulating layer covering one of the first and second electrodes, wherein the overcoat layer further comprises the insulating layer.

Applicant respectfully asserts that claims 1 and 13, as amended, and each dependent claim are neither anticipated nor obvious, and are still in condition for allowance. If the Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (248) 641-1600.

Respectfully submitted,
